Rosbifs & Snails – Tour Rules

Teams of two will drive 2CV "Snails" from Marlow to Monaco avoiding autoroutes to central Paris and then joining the old Route Nationale 7 to Monaco. The return will be by air, with the cars returning to the UK on the back of a transporter.

The cars should cost no more than £777 excluding car tax (why £777, it's the RN7 and why not?) and of course be MOT'd and insured.

Each team must split the cost of the car and can sell it on their return to the UK. With a competition history it's sure to be worth more!

Accommodation and travel expenses are to be borne by each team and will be arranged and coordinated by the organisers.

We are raising funds for the Thames Valley & Chiltern Air Ambulance Trust so sponsorship of the "Snails" is required. Sign writing and logos will be arranged by the organisers.
